

Parks & General Landscaping

The Designer mixtures are treated with HEADSTART®; a user-friendly, non-toxic treatment that can help your grass get off to the best possible start – especially if conditions at sowing time are less than ideal.

Parks

General landscaping.
Attractive sward.
High-wear areas.
Parks.

A mixture of amenity ryegrass, fescues, and smooth stalked meadow grass that together produce a durable, dense attractive sward for use in lawns and landscape situations.

Mixture Information:

55% Perennial Ryegrass
30% Strong Creeping Red Fescue
15% Smooth Stalked Meadow Grass

Pack size: 10 & 20kg
Sowing rate: 35-50g/m²
Cutting height: 20mm

Utility

General landscaping.
Quality lawns.
Fine appearance.

This popular general purpose mixture will produce an attractive sward with good wear tolerance but with relatively low maintenance. The inclusion of a low percentage of ryegrass will provide a durable sward that will establish quickly.

Mixture Information:

20% Perennial Ryegrass
30% Slender Creeping Red Fescue
45% Strong Creeping red Fescue
5% Browntop Bent

Pack size: 10 & 20kg
Sowing rate: 35g/m²
Cutting height: 25mm
