

Tees & Fairways

The Designer mixtures are treated with HEADSTART®; a user-friendly, non-toxic treatment that can help your grass get off to the best possible start – especially if conditions at sowing time are less than ideal.

Non-ryegrass tees and fairways.
Dense sward.
Fine appearance.

An excellent non-ryegrass tees and fairways mixture that will produce a dense, attractive, fine sward that recovers quickly from divoting and damage.

Mixture Information:

25% Chewings Fescue
20% Slender Creeping Red Fescue
50% Strong Creeping Red Fescue
5% Browntop Bent

Pack size: 10kg & 20kg
Sowing rate: 35-50g/m²
Cutting height: 15mm

Ryegrass tees and fairways.
Good disease resistance.
Quick recovery.

Will produce a fine, strong, attractive surface that recovers quickly from club head damage due to the percentage of rhizomatous grasses present.
